TESTIMONIALS OF STUDENTS

Our college has a knowledge friendly environment which made me gain the actual knowledge in whatever I learn, where all faculty and non-faculty members encourage us to gain knowledge and help in all possible ways such as mentoring, mini projects, guiding, NPTEL, interaction with industry people, professional programs etc. to attain it. We have nice provision for placement; various expert lectures and talks are arranged by training and placement department to improve technical knowledge, aptitude and soft skills of students which will help them to perform better in placement activities.

Mr. Ganesh Solanke (BE IT – DYPCOE) Bitwise Solutions Pvt. Ltd.

Like every engineering student, I was looking forward to getting recruited immediately as soon as the companies started visiting our institute for Campus recruitment. One has to rigorously put efforts in order to achieve their goals. The institute made sure that my efforts were in the right direction. I am glad to be placed in the first core company seeking for recruits from Production background. I would like to thank all faculty & staff of DYPCOE.

Mr. Sudarshan K Mohite (BE Production S/W) GET - Godrej & Boyce Mfg.Co.Ltd

The beauty as well as the infrastructure of the campus is impeccable. The efforts, guidance and motivation imparted by faculty members of the college towards overall personality development of students are exceptional. I am also grateful to Corporate Relations & Placement Cell who endlessly works hard for students to get their dream jobs, right from the beginning. Various Soft Skills and Aptitude sessions setup by them for us really boosted my confidence as a professional individual.

Mr. Anirudh Dwivedi (BE, Computer) Value Labs LLP

I am a final year student of DYPCOE, Akurdi from Electronics n Telecommunication Branch. Our department got a positive atmosphere with energetic staffs around us always who put their tireless efforts to ensure a bright n prosperous career for us. The placement cell team provided us with much needed exposure on corporate expectation from the student fraternity. Overall DYPCOE helped me mature into a skilled individual possessing technical n soft skills n placed in good company.

Ms. Darakshan Majeed (BE E&TC) CoreCompete.
